

Environmental Policy

At Al Noor Hospital, we are dedicated to sustainable healthcare practices and continuous improvement in environmental responsibility. We strive to integrate eco-friendly solutions into our operations and future initiatives.

To achieve this, we commit to:

- Complying with all applicable environmental laws, regulations, and standards.
- Implementing and maintaining an effective environmental management system across all hospital operations and new projects.
- Promoting environmental awareness among employees, contractors, business partners, and the community to foster sustainable practices.
- Reducing our environmental impact by following the principles of **Reduce, Reuse, and Recycle (3Rs)**.
- Optimizing the use of natural resources, minimizing pollution, and actively promoting waste reduction.
- Ensuring environmental sustainability is a core principle in all aspects of our healthcare services.
- Regularly monitoring, measuring, and reporting our environmental performance to drive continuous improvement.

At Al Noor Hospital, we believe that quality healthcare goes hand in hand with a healthier environment for future generations.
